

PREGNENOLONE COMPOUND

What is this medicine?

Pregnenolone (preg-NEE-nuh-lown)

- Pregnenolone is a hormone that may be given to patients who no longer produce a sufficient amount on their own.
- It may also be used to improve memory.
- It may also be used for other conditions as determined by your doctor.

Compounded Drug Forms: tablet, fast-burst sublingual tablet, capsule, troche, suspension, suppository, cream, gel

What should I tell my health care provider before I take this medicine?

- Allergy to pregnenolone
- Pregnant or breastfeeding
- Have any cancers of the breast, ovary or uterus
- Have endometriosis, fibroids or other hormone sensitive conditions
- Are taking a benzodiazepines

How should I use this medicine?

Follow the package directions provided by Belmar Pharma Solutions and by your prescriber. Your dosage is based on your medical condition and response to therapy. Follow the dosing schedule provided carefully.

Oral dosage forms may be taken with or without food. If it upsets your stomach take it with a small meal.

Sublingual formulations should be placed under the tongue or between the cheek and gum and held in place until fully dissolved. Avoid swallowing saliva to ensure best absorption into the blood stream. Avoid eating or drinking 15 minutes before or after taking sublingual formulations.

Topical products can be applied to the inner arm, upper thigh, back of the knee, tops of the feet and inner wrists. It is recommended to rotate sites to ensure even retention of the hormone. Cover treated skin with clothes to avoid contact with people or pets.

Vaginal preparations should be inserted using your finger or the applicator provided. Suppositories may leak and may be more convenient to use at bedtime.

What if I miss a dose?

- If you miss a dose, take it as soon as possible.
- If it is almost time for your next dose, skip the missed dose and continue with your regular dosing schedule.
- Do not take double the dose at once.

What should I watch for while using this medicine?

Belmar Pharma Solutions recommends yearly checkups with your provider.

What side effects may I notice from receiving this medicine?
